IMPORTANT - READ CAREFULLY - RETAIN THESE INSTRUCTIONS FOR FUTURE REFERENCE.

INFORMATION

- This product is designed to hold 15Kg in total, spread evenly over the whole unit.
- Do not exceed this weight.
- We recommend that this unit is assembled in the room intended for use.
- When you are ready to start, make sure that you have the right tools, plenty of space and a clean, dry area for assembly.
- Unwrap all packaging materials and place the components on top of the carton box or on a clean floor to prevent them from scratching.
- Check the pack and make sure you have all the parts listed.
- Ensure that this product is fully assembled as illustrated before use.
- Check all screws or bolts are tightened and inspect regularly
- Tools not included unless specified in parts list.

WARNINGS

- DO NOT use power tools to construct this product.
- DO NOT tighten screws until parts are assembled or as advised in this guide.
- DO NOT over tighten screws or bolts.
- DO NOT use this product if parts are missing, damaged or worn.
- N.B. This is a TV Unit designed to hang from the wall, only use the brackets provided.
- **INSTALLATION WARNINGS:**
 1. In order to prevent the product falling down this product must be installed with the wall hanging device(s) provided - do not use any other means to support the product.
 2. Carefully assess the suitability of the wall to ensure that the fastening device will withstand the load and forces generated. Walls can be quite different in construction so fixings are not supplied - choose the most suitable fixing for your wall type - if in doubt consult an expert.
 3. When drilling the wall always be sure the area to be drilled is free from hidden electrical wiring, water or gas pipes.
 4. The assembly of this product must be done carefully following the detailed stages in the Assembly Instruction.
 5. Installation of this product needs to be carried out in accordance with the following instructions, see Stage 14 &15 onwards...

CARE INFORMATION

- Never use scourers, abrasives or chemical cleaners.
- To clean, wipe with a damp sponge.
- Do not use solvent based cleaners or detergents as they can bleach or damage the product.

Parts and Fittings Checklist

Please check the pack contents before assembling the product. If any components are missing, please contact your retailer.

The fittings pack contains small items that should be kept away from children.

All parts are packed in one carton

STEP 14

Warning: Always ensure the area to be drilled is free from hidden electrical wires, water or gas pipes.

I Decide on the height you want the cabinet to be then holding one bracket level, mark dead-centre of the three holes. Following the diagram, position and mark holes in the second & third brackets.

III Knock in your wall plugs or other wall fixings.

II Drill the holes in the wall.

IV Fix brackets to the wall.

FOR SAFETY, PLEASE USE ALL THREE WALL FIXINGS IN THE BRACKET

For this step:

Tools required

Fittings required

M x3

STEP 15

- i. On the hanging supports, make sure hooks (x) are fully extended.
Make sure all three hooks are the same level, before hanging.

For this step:
Tools required

- ii. With help, hang the cabinet onto the metal wall brackets by carefully aligning the end panels so they just miss the ends of the brackets. Turn upper screw(s) on all three supports until unit is horizontal.

- iii. When unit is hanging on the brackets, tighten lower screws clockwise, so clamping unit to wall - do not over-tighten.

CHANGING THE BATTERIES

SLIDE OFF THE LID

i

CHANGE BATTERIES

ii

SLIDE LID BACK ON

iii

iv

USE GOOD QUALITY AA BATTERIES. FOR BEST RESULTS USE RE-CHARGEABLES.

Assembly Completed

Your Galicia 180cm Wall TV Unit with LED is now completely assembled.

Periodically check to ensure that the components are in their proper position, free from damage.

Also, make sure the connectors are tight and secure.

Keep instructions for future reference
